A Wonderful Cure.

I must write and tell you ut the success I have had in using the Currouna Rescuerce. I had been troubled for mearly five years with skin disease in the right limb, and all the doctors in this stay could also outling for it. I tried everything, until at last I thought I should have to have the limb amputated at the kines. It was evenled to two the haural size, and I could havely hobbles around on crutches. I was in the house, part of the time bedraides, for three years, and could not got out. I happened to look in the newspaper and naw the Curvottas edvertisement, and as a last resurt tried that. I used two bottles of the Resourest and three borses of the Curvottas, I am new able to do all my work, both in house and out of doors, and my limble as natural as could peerly be under my circumsiance. It is a most wonderful once. I had given up hopes of ever boing well again. If this will benefit you, you are windows to use it to the best advantage.
